SAFETY DATA SHEET

1. Identification

GHS product identifier 2711A

Other means of identification

Product code Part#: 130255/41990716

Recommended use of the chemical and restrictions on use

Recommended use Test sample.

Recommended restrictions None known.

Manufacturer/Importer/Supplier/Distributor information

Supplier Eagle Wings Enterprises

Address L1 B4 Cypress St., Town & Country Executive Village, 1870 Mayamot, Antipolo City, Philippines

Telephone +63 24-77-13-83

FAX +63 26-82-07-51

Emergency telephone number CHEMTREC US: 1-800-424-9300, International: +1 703-527-3887

2. Hazard(s) identification

Physical hazards Not classified.

Health hazards

Carcinogenicity Category 1B

Reproductive toxicity (fertility, the unborn child) Category 1A

Specific target organ toxicity, repeated exposure Category 2 (Nervous system, Kidney, Liver, Blood)

Environmental hazards

Hazardous to the aquatic environment, acute hazard Category 3

Hazardous to the aquatic environment, long-term hazard Category 3

Label elements

Signal word Danger

Hazard statement May damage the unborn child. Suspected of damaging fertility. May cause cancer. May damage fertility. May damage the unborn child. May cause damage to organs (Nervous system, Kidney, Liver, Blood) through prolonged or repeated exposure. Harmful to aquatic life with long lasting effects.

Precautionary statement

Prevention Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe dust. Avoid release to the environment. Wear protective gloves/protective clothing/eye protection/face protection.

Response IF exposed or concerned: Get medical advice/attention.

Storage Store locked up.

Disposal Dispose of contents/container in accordance with local/regional/national/international regulations.

Other hazards which do not result in classification Not a PBT or vPvB substance or mixture.

Supplemental information None.

National/local information Not available

3. Composition/information on ingredients

Mixtures
4. First-aid measures

Inhalation: Move to fresh air. Call a physician if symptoms develop or persist.
Skin contact: Wash off with soap and water. Get medical attention if irritation develops and persists.
Eye contact: Do not rub eyes. Rinse with water. Get medical attention if irritation develops and persists.
Ingestion: Rinse mouth thoroughly. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed: Dusts may irritate the respiratory tract, skin and eyes. Prolonged exposure may cause chronic effects.

Indication of immediate medical attention and special treatment needed: Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

General information: If exposed or concerned: Get medical advice/attention. Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance.

5. Fire-fighting measures

Suitable extinguishing media: Use extinguishing agent suitable for type of surrounding fire.
Unsuitable extinguishing media: None known.
Specific hazards arising from the chemical: During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters: Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire fighting equipment/instructions: Use water spray to cool unopened containers.
Specific methods: Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazards: No unusual fire or explosion hazards noted.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures: Keep unnecessary personnel away. Keep upwind. Wear appropriate protective equipment and clothing during clean-up. Do not breathe dust. Local authorities should be advised if significant spillages cannot be contained. Ensure adequate ventilation. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up: Avoid the generation of dusts during clean-up. Collect dust using a vacuum cleaner equipped with HEPA filter. For waste disposal, see section 13 of the SDS.
Environmental precautions: Avoid release to the environment. Inform appropriate managerial or supervisory personnel of all environmental releases. Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground.

7. Handling and storage

Precautions for safe handling: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Should be handled in closed systems, if possible. Minimize dust generation and accumulation. Provide appropriate exhaust ventilation at places where dust is formed. Pregnant or breastfeeding women must not handle this product. Wear appropriate personal protective equipment. Wash thoroughly after handling. Avoid release to the environment. Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities: Store in a well-ventilated place. Store locked up. Store in original tightly closed container.

8. Exposure controls/personal protection

Occupational exposure limits
Philippines. OELs Threshold Limit Values for Airborne Contaminants

<table>
<thead>

<tbody>
<tr>
<td>Lead compounds (CAS -)</td>
<td>TWA</td>
<td>0.15 mg/m³</td>
<td>Dust and fume.</td>
</tr>
</tbody>
</table>

Biological limit values: No biological exposure limits noted for the ingredient(s).
Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. If engineering measures are not sufficient to maintain concentrations of dust particulates below the Occupational Exposure Limit (OEL), suitable respiratory protection must be worn.

**Individual protection measures, such as personal protective equipment**

- **Eye/face protection**
  Wear safety glasses with side shields (or goggles). Eye wash fountain is recommended.
- **Skin protection**
  - **Hand protection**
    Wear appropriate chemical resistant gloves. Suitable gloves can be recommended by the glove supplier.
  - **Other**
    Wear suitable protective clothing.
- **Respiratory protection**
  Wear respirator with dust filter.
- **Thermal hazards**
  Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations**
Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. Observe any medical surveillance requirements.

**9. Physical and chemical properties**

**Appearance**
- **Physical state** Solid.
- **Form** Powder.
- **Color** Gray.
- **Odor** Not available.
- **Odor threshold** Not available.
- **pH** Not applicable.
- **Melting point/freezing point** Not available.
- **Initial boiling point and boiling range** Not available.
- **Flash point** Not available.
- **Evaporation rate** Not available.
- **Flammability (solid, gas)** Non flammable.

**Upper/lower flammability or explosive limits**
- **Flammability limit - lower (%)** Not available.
- **Flammability limit - upper (%)** Not available.
- **Explosive limit - lower (%)** Not available.
- **Explosive limit - upper (%)** Not available.

**Vapor pressure** Not available.
**Vapor density** Not available.
**Relative density** Not available.

**Solubility(ies)**
- **Solubility (water)** Insoluble in water.

**Partition coefficient (n-octanol/water)** Not available.
**Auto-ignition temperature** Not available.
**Decomposition temperature** Not available.

**Other information**
- **Explosive properties** Not explosive.
- **Oxidizing properties** Not oxidizing.

**10. Stability and reactivity**

**Reactivity**
The product is stable and non-reactive under normal conditions of use, storage and transport.

**Chemical stability**
Material is stable under normal conditions.

**Possibility of hazardous reactions**
No dangerous reaction known under conditions of normal use.

**Conditions to avoid**
Avoid dust formation.
11. Toxicological information

Information on likely routes of exposure

**Inhalation**
May cause damage to organs through prolonged or repeated exposure by inhalation. Dust may irritate respiratory system.

**Skin contact**
Dust or powder may irritate the skin.

**Eye contact**
Dust may irritate the eyes.

**Ingestion**
Expected to be a low ingestion hazard.

Symptoms related to the physical, chemical and toxicological characteristics
Dusts may irritate the respiratory tract, skin and eyes.

Information on toxicological effects

**Acute toxicity**
May cause discomfort if swallowed.

**Skin corrosion/irritation**
Prolonged skin contact may cause temporary irritation.

**Serious eye damage/eye irritation**
Direct contact with eyes may cause temporary irritation.

**Respiratory or skin sensitization**
Not a respiratory sensitizer.

**Skin sensitization**
This product is not expected to cause skin sensitization.

**Germ cell mutagenicity**
No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

**Carcinogenicity**
May cause cancer.

**IARC Monographs. Overall Evaluation of Carcinogenicity**
Lead compounds (CAS -) 2A Probably carcinogenic to humans.

**Philippines OELs: Carcinogen category**
Not listed.

**US NTP Report on Carcinogens: Anticipated carcinogen**
Lead compounds (CAS -) Reasonably Anticipated to be a Human Carcinogen.

**Reproductive toxicity**
May damage fertility or the unborn child. May damage the unborn child. Suspected of damaging fertility.

**Specific target organ toxicity - single exposure**
Not classified.

**Specific target organ toxicity - repeated exposure**
May cause damage to organs (Nervous system, Kidney, Liver, Blood) through prolonged or repeated exposure.

**Aspiration hazard**
Not an aspiration hazard.

**Chronic effects**
May cause damage to organs through prolonged or repeated exposure. Prolonged inhalation may be harmful. Prolonged exposure may cause chronic effects.

12. Ecological information

**Ecotoxicity**
Harmful to aquatic life with long lasting effects.

**Persistence and degradability**
No data available.

**Bioaccumulative potential**
No data available.

**Mobility in soil**
No data available.

**Other adverse effects**
No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal considerations

**Disposal instructions**
Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations.

**Local disposal regulations**
Dispose in accordance with all applicable regulations.

**Waste from residues / unused products**
Dispose of in accordance with local regulations.

**Contaminated packaging**
Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.
14. Transport information

ADR
Not regulated as dangerous goods.

RID
Not regulated as dangerous goods.

IATA
Not regulated as dangerous goods.

IMDG
Not regulated as dangerous goods.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable.

15. Regulatory information

Safety, health and environmental regulations specific for the product in question

- Controlled Precursors & Essential Chemicals (Comprehensive Dangerous Drugs Act of 2002 (Republic Act 9165), as amended thru Dangerous Drugs Board Regulations)
  Not regulated.

- Ozone Depleting Substances (ODS) (Chemical Control Order, DENR Admin. Order No. 2013-25)
  Not regulated.

- Priority Chemical List (PCL) (DENR Administrative Order No. 98-58)
  Lead compounds (CAS -)

International regulations

- Stockholm Convention
  Not applicable.

- Rotterdam Convention
  Not applicable.

- Montreal Protocol
  Not applicable.

- Kyoto Protocol
  Not applicable.

- Basel Convention
  Not applicable.

* A “Yes” indicates this product complies with the inventory requirements administered by the governing country(s).
A “No” indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
